

SCHATEX VISION

A Meeting of Visionary Design and Sustainability

SCHATEX Vision is, above all, a hardwearing and robust carpet tile in a tightly tufted loop pile quality. These tiles are available in appealing designs which invite creative combinations – combining Vision with the SCHATEX Vision Stripes Collection promises unique and individual compositions in interior design. Classic shades of grey can be found alongside noble blue and luxuriously reserved black tones. All varieties emit a slight glimmer, which lends the mottled décors an additional optical brilliance. This real visual treat is not only a particular attractive head-turner, but also conveys as it were the quality of the materials, which are at the heart of all SCHATEX carpet tiles. Thanks to the yarn materials, made from 100% polyamide, these carpet tiles embody a high level of resilience and can be laid without problems in heavy traffic commercial spaces (Use Area Class 33 according to EN 1307). Moreover, these textile flooring tiles are equipped with anti-static properties (EN 6356) and are suitable for use with castor wheels (EN 985) which was provided with the domestic and particularly with the commercial setting in mind – the ideal carpeting solution for reception rooms or offices. The high level of quality is also evidenced by the fire resistance B_{fl}-s1 (according to EN ISO 109239-1). For luxurious and comfortable living there is the integrated sound absorption which reduces footstep noise (24 dB, according to ISO 140-8) as well as foot-warming qualities when walking over this flooring. The laying of these tiles is relatively simple thanks to the top class backing layer, stress free and quick installation. SCHATEX Vision – the comfortable, high-performance carpet tile at a fair price.

- Mottled loop pile quality in classic colours
 - Can be creatively combined with SCHATEX Vision Stripes
 - Suitable for castor wheels (EN 985)
 - Made from 100% high-grade polyamide yarn
 - Very fire resistant B_{fl}-s1 (according to EN ISO 9239-1)
 - Good sound absorption (24 dB according to ISO 140-8)
 - Extremely robust (Use Area Class 33 according to EN 1307)
-

SPECIFICATION

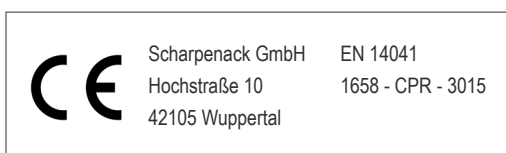

Specification SCHATEX Vision

Construction		Tufted Loop Pile
Yarn		100% Polyamide
Yarn Weight		550 g/m ² ± 5%
Pile Thickness	ISO 1766	3.5 mm ± 5%
Tuft Density	ISO 1763	± 164000/m ²
Backing		Reinforced Fibreglass Backing
Total Thickness	ISO 1765	6.5 mm ± 5%
Total Weight		4585 g/m ² ± 7.5%
Dimension		50 x 50 cm
Tiles per Box		20

Performance

Classification		33 (Contract – heavy use)
Castor Chair Test	EN 985	A: continuous use
Slip Resistance		class DS
Vettermann Test	ISO TR 10361 / EN 1471	pass
Thermal Insulation	ISO 8302	0.08 m ² K/W
Dimensional Stability	EN 986	pass
Underfloor Heating		qualified
Luxery/Comfort	EN 1307	classe 1
Sound Absorption	ISO 140-8	24 dB
Electrical Resistance	ISO 6356	antistatic
Fire Resistance	EN ISO 11925-2 / EN ISO 9239-1	C _{fl} – s1 (hardly inflammable)
Colour Fastness	ISO 105 B02	> 5

Specifications

Colours

Anthracite 1513	Light Grey 1517	Black 1514
	Blue 1525	Dark Grey 1518

Preliminary Specification

Best results are obtained when cleaned with a dry shampoo method.

→ see Care Sheet

Tiles require no underlay, nailing, gluing or sewing and may be laid loose on a flat, dry, non-slippery floor. When tiles are laid on parquet, vinyl or in open areas larger than 30m² it is advisable to use double sided adhesive tape on every 8th row or a tackifier.
